

BEEF UP YOUR BOAST!

Now that you have written your boast, go back and use it as a tool to review for Beowulf. This is your chance to get creative. Create a digital poster for your personal BOAST.

- Step One: Open a new pages document.
- Step Two: Beef up your boast using lit terms from our Beowulf unit!
 - ❖ Add a hyperbole (Ex. I am stronger than a thousand hulks!)
 - ❖ Incorporate an example of assonance
 - ❖ Include ONE vocabulary word from your Middle Ages vocabulary list!
- Step Three: Use a creative font to display your boast. Get creative!
- Step Four: Find the two kennings you used and make them a different color. You cannot use a kenning from within Beowulf.
- Final Touches: Complete the boast by using your own photos, clip-art, or duty free Google images to put emphasis on your boast's story line from your birth to your future.
 - Include a picture of yourself at the beginning or end of the boast.

Your boast should follow the formatting outlined in the original BOAST CLASSWORK ACTIVITY document posted under the Literature tab via glassba.weebly.com.
