

MASK MAKING PROJECT

DRAMA I

GLASS FALL 2015

PART I:

You are to construct a mask that is representative of your PERSONALITY, inward and outward. You may use any type of material. However, do not buy a mask and change it. The project needs to be COMPLETELY ORIGINAL.

THE MASK HAS TO BE LIGHT ENOUGH TO BE WORN DURING MOVEMENT. The mask must have some sort of feature that will attach it securely so that you have freedom of movement. You must also be able to see and breathe.

PART II:

You are to PRESENT YOUR MASK TO THE CLASS and describe how it personifies you.

You are to PUT ON YOUR MASK to show how it fits and then take it off to present to the class.
